

# Introduction to iPad

shah@mac.com

Syncing to iPad

Connect the iPad to the computer using the included USB cable.

iPad can only be synced with 1 iTunes Library at any time. Please see <http://support.apple.com/kb/HT1202> for more information.

Launch iTunes. The iPad will appear on the left side of the screen. Click the iPad and you will see the summary screen.

Click the Check for Update button to automatically install the latest iPad software. The latest version is iOS 5.0.1.

Click Apps. Tick Sync Apps. This will sync all the applications you downloaded on iTunes to your iPad.  
(Note: Apps will sync automatically if you have Automatic Downloads turned on.)

Click Podcasts. Tick Sync Podcasts. This will sync all the podcasts you downloaded on iTunes to your iPad.

Click iTunes U. Tick Sync iTunes U. This will sync all the podcasts you downloaded on iTunes to your iPad.

Click Books. Tick Sync Books. This will sync all the books you downloaded on iTunes to your iPad. (Note: Books will sync automatically if you have Automatic Downloads turned on.)

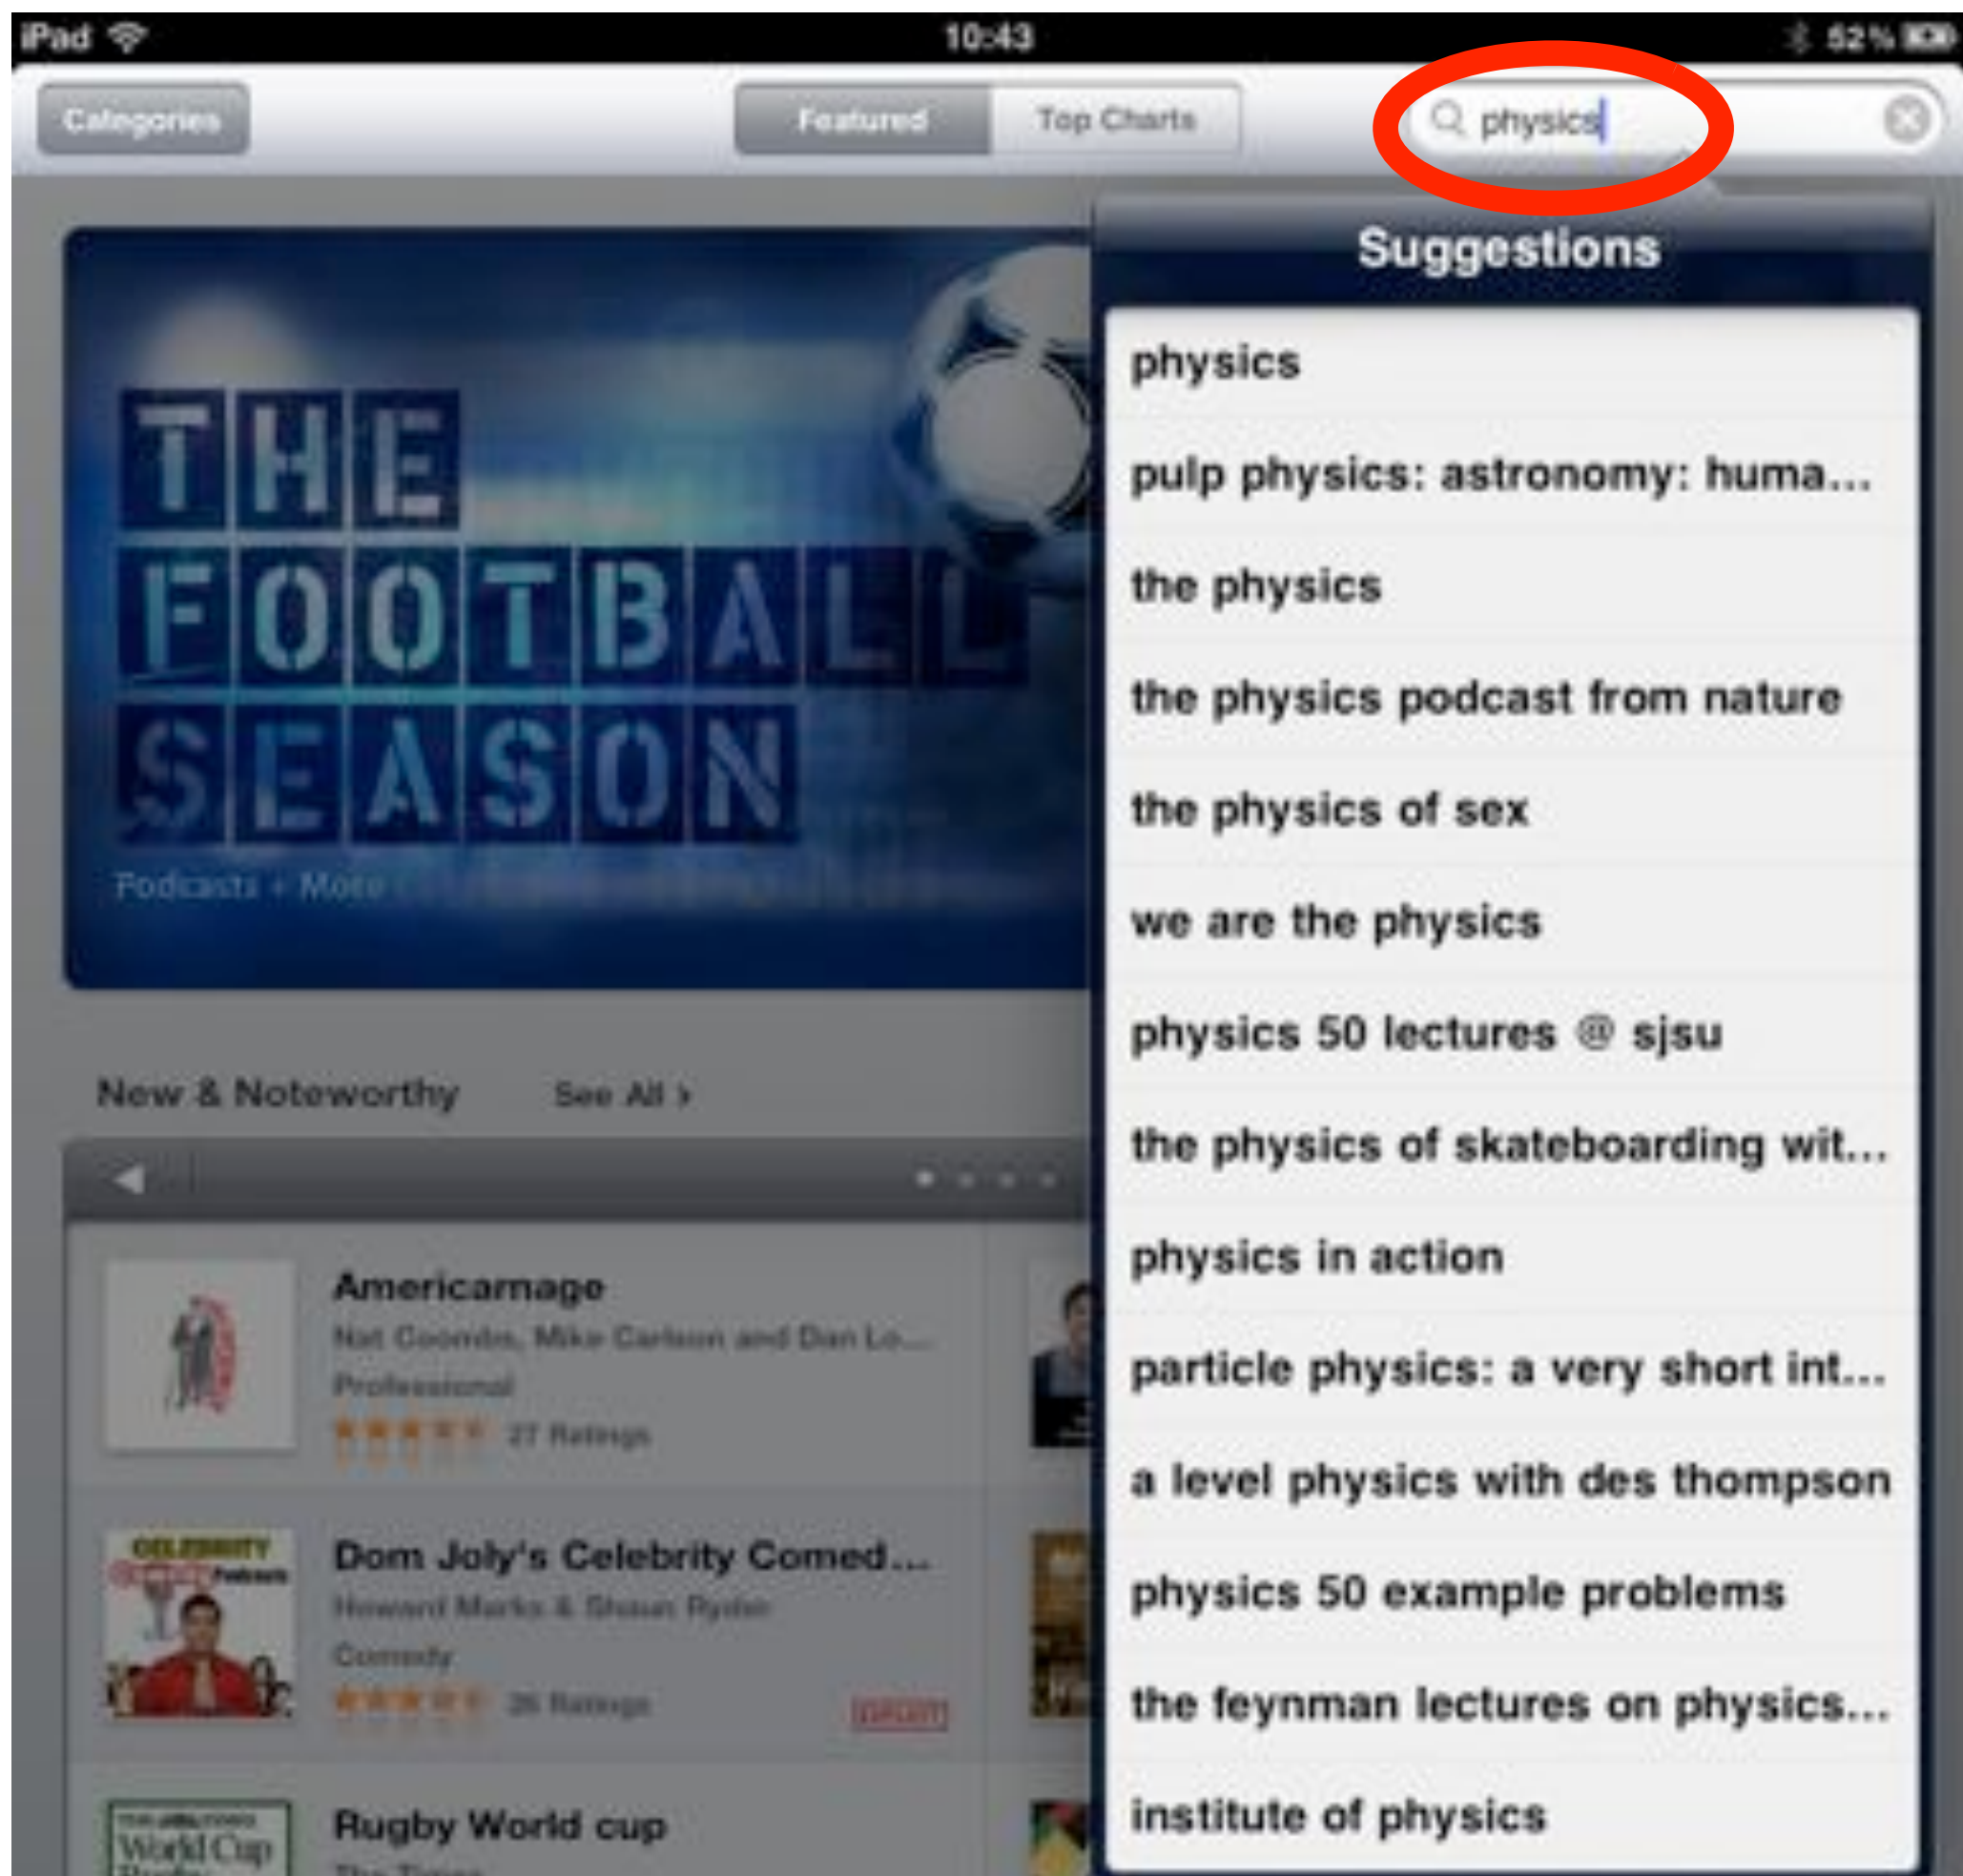

Once iOS 5 has been installed, you can do all future software updates just using the iPad. Go to Settings -> General -> Software Update to check and install any Software Updates.

# Downloading Podcasts

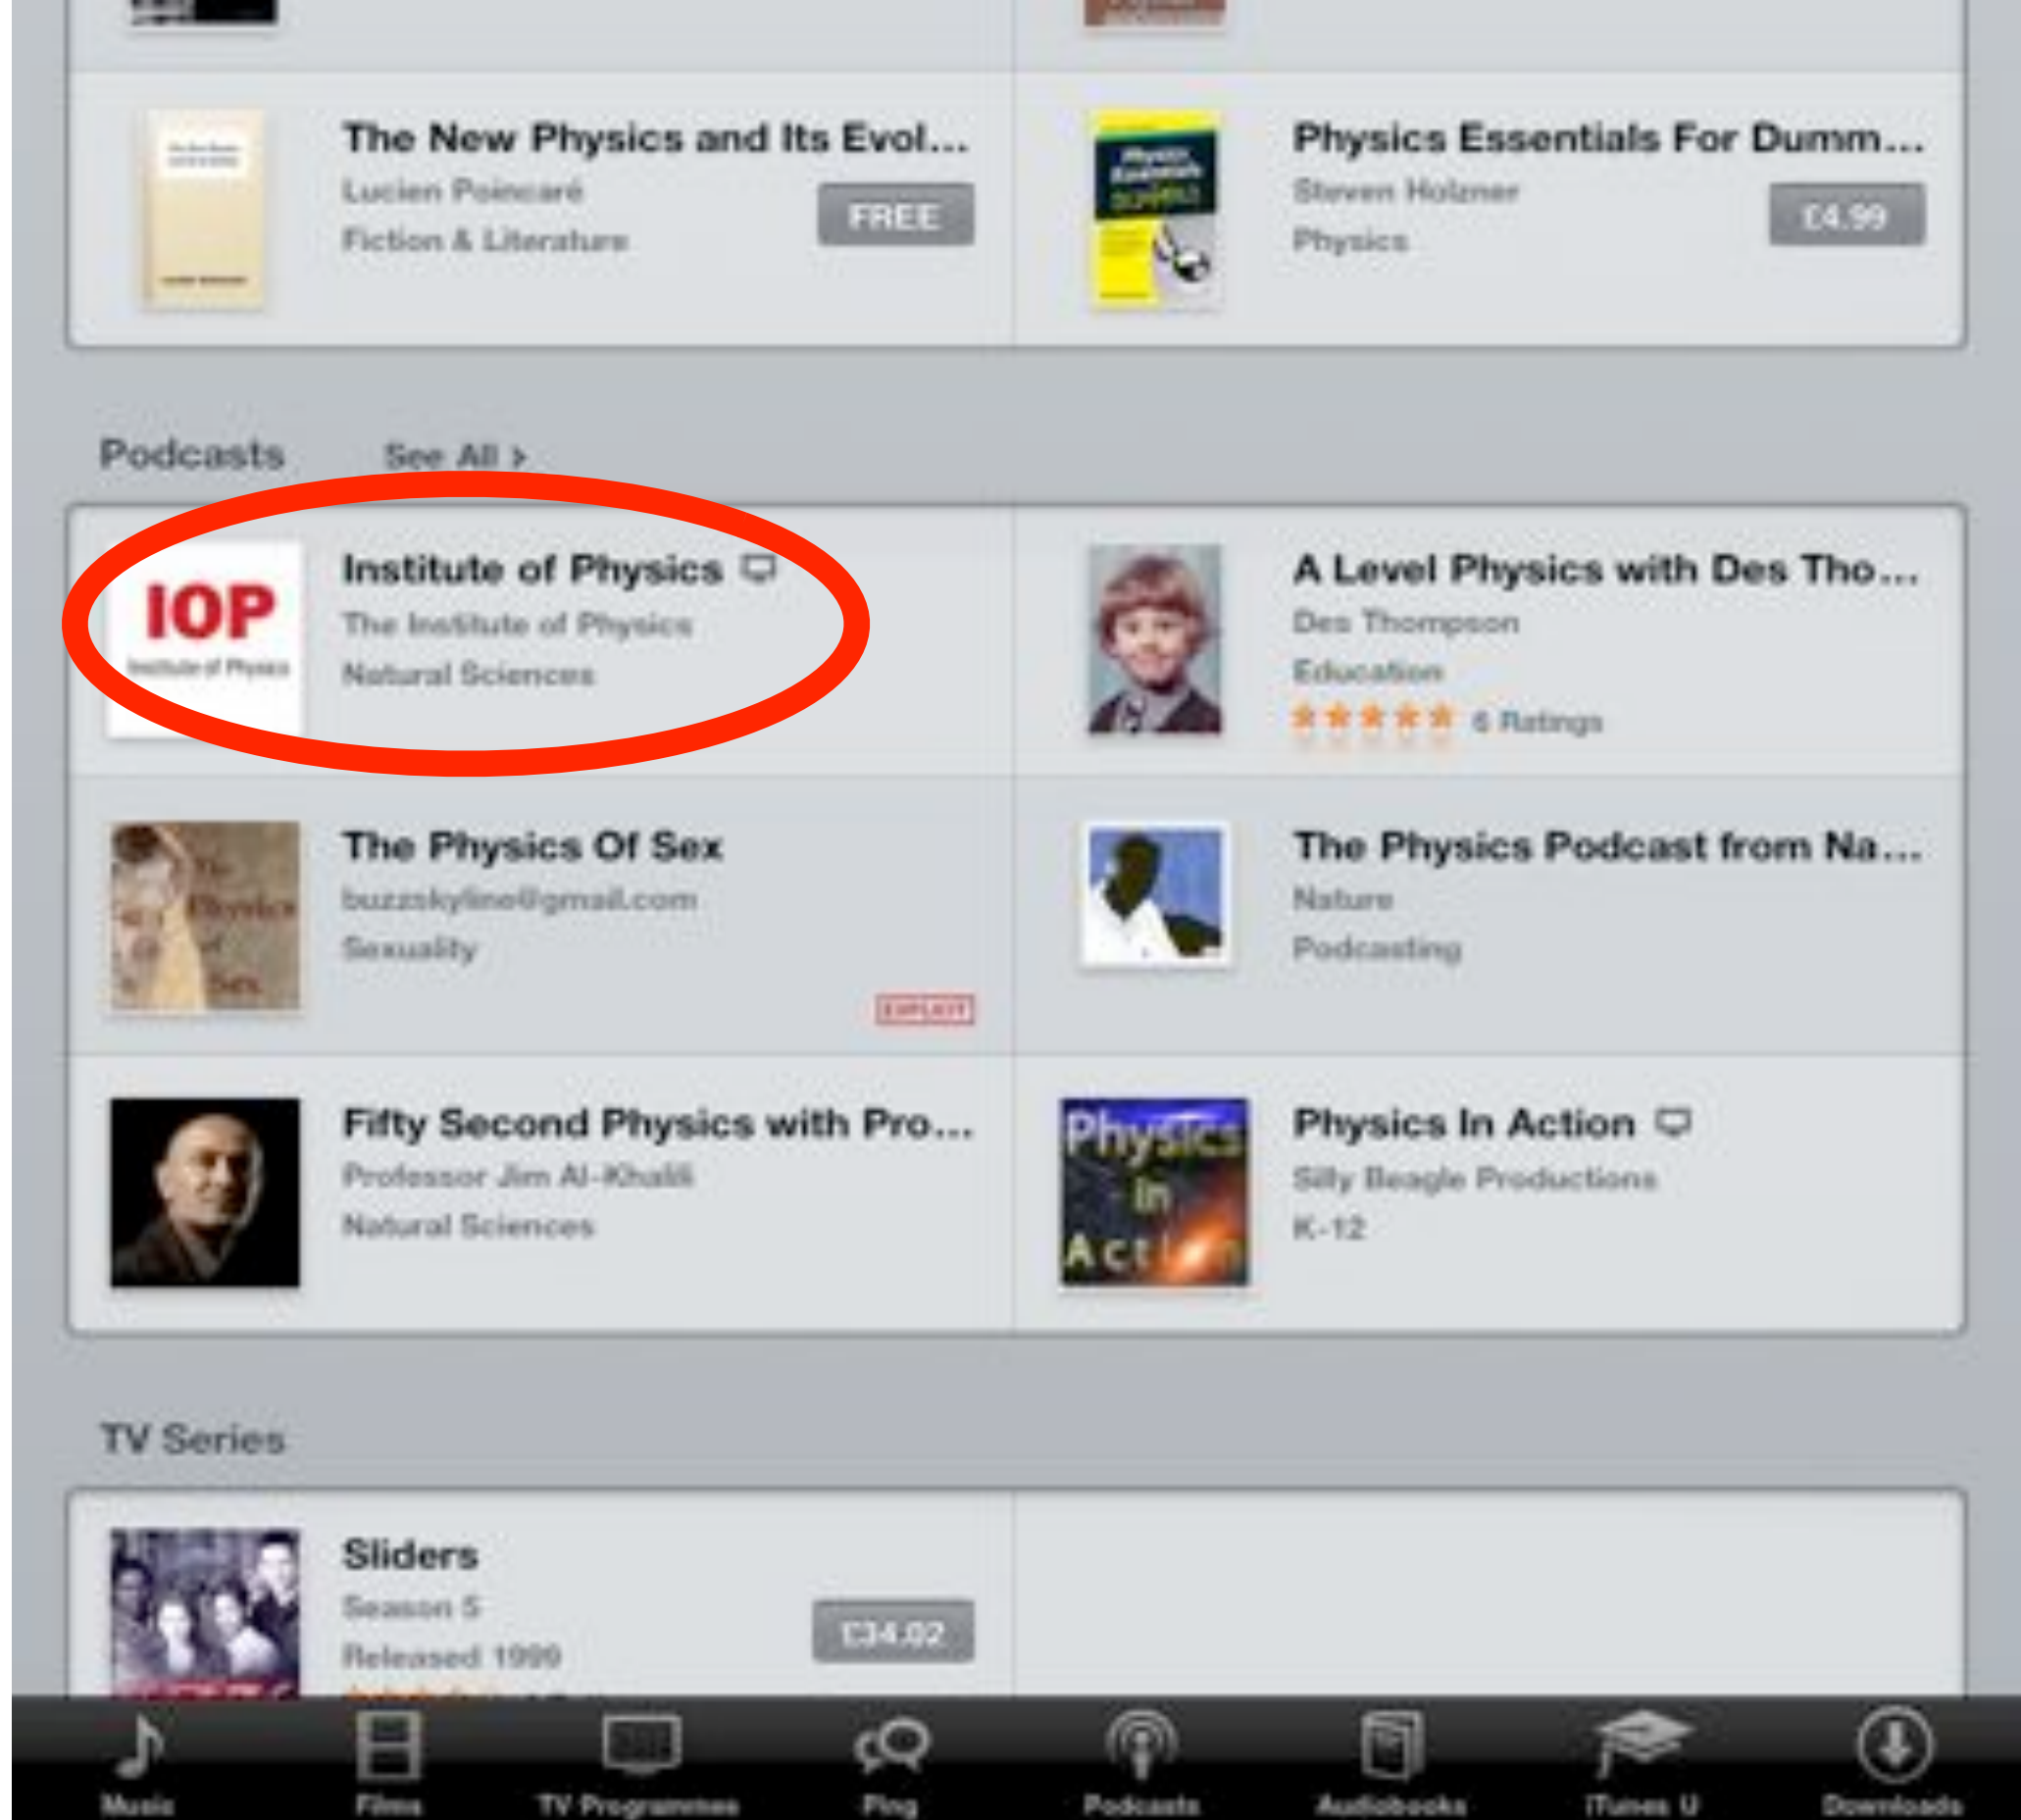

Tap the iTunes icon on the iPad.

Type in a search term, such as physics in the search field.

Physics-related content will appear. Scroll down to Podcasts. Tap a Podcast.
